TABLE OF CONTENTS TO VOLUME III

TITLE INDEX

Another Look at the Air Pollution Crisis in Birmingham — *James R. Walpole* 243

Asbestos and Its Environmental Impact — *Jerome S. Horvitz* 145

Case Study of a Hydroelectric Dam: The Dickey-Lincoln School Lakes Project — *Cortis Cooper* 707

Congressional Voting and Ecological Issues — *Leronard G. Ritt and John M. Ostheimer* 459

Conservation and the Commission: The Growth of Regulation of the End Use of Natural Gas by the Federal Power Commission — *William S. Stowe* 527

Corkscrew Sanctuary: Use of the Market for Preservation — *Barbara Ingle* 647

Costs and Benefits of Road Salting — *Robert C. Anderson and Charles Auster* 128

The Environment and the Judiciary: A Need for Cooperation or Reform? — *George P. Smith II* 627

Environmental Decay and International Politics: The Uses of Sovereignty — *Linda P. Shields and Marvin C. Ott* 743

Earth Removal and Environmental Protection — *Alexandra D. Dawson, Esq.* 166

ENVIRONMENTAL AFFAIRS

Federal Land Use Controls for Clean Air — *Kathleen King* 507

Formulating Population Policy: A Case Study of the United States — *Rebecca J. Cook* 47

How Now Brown Cow: Regulation of Feedlot Pollution in Wisconsin — *Clifford E. Blackwell III* 769

Influence of the Energy Crisis Upon the Future of Environmental Policy — *Daniel A. Dreyfus and Richard D. Grundy* 252

The Land Use Planning Act: An Idea We Can Do Without — *John McClaughry* 595

The Link Between Metals Availability and the Energy Crisis — *Eric Carlsen* 447

Martha's Vineyard: The Development of a Legislative Strategy for Preservation — *Carla B. Rabinowitz* 396

National Land Use Proposal: Land Use Legislation of Landmark Environmental Significance — *Martin R. Healy* 355

Obstacles to Taming Corporate Polluters: Water Pollution Politics in Gary, Indiana — *Edward Greer* 199

Oil in Neptune's Kingdom: Problems and Responses to Certain Degradation of the Oceans by Oil Pollution — *Swadesh S. Kalsi* 79

Opinion of the Attorney General Regarding the Disposition of Public Lands Under the "Clean Environment" Amendment to the Constitution of Massachusetts — *Robert H. Quinn* 495

Perspectives in U.S. Energy Resource Development — *Ralph H. Plumlee* 1

Possible Impacts of United States Domestic Environmental Policies on Less Developed Countries' Trade, Investment and Foreign Aid — *James A. Gibson* 109

Resource Recovery and U.S. International Trade: The Case of Waste Oil — *Ingo Walter and Sonia P. Maltezou* 433

River Quality and Industrial Adjustment: A Case Study — *Frank C. Emerson* 188

Some Observations on the Use of State Constitutions to Protect the Environment — *Richard J. Tobin* 473

Spring Valley: Public Purpose and Land Use Regulation in a "Taking" Context — *J. Kenneth Wainwright, Jr.* 327

Tax Exemptions and the Birthrate: The Singleminded Approach to Public Policy — *Daniel C. Shaffer and Donald H. Berman* 687

Urban Homesteading: Once More Down the Yellow Brick Road — *M. Jan Akre* 563

Waste Paper Wasted: A Non-Response to a Need for Change — *Clifford P. Case III* 221

The Wilderness Act: Ten Years After — *Kevin Haight* 275

AUTHOR INDEX

Akre, M. Jan — Urban Homesteading: Once More Down the Yellow Brick Road 563

Anderson, Robert C. — Costs and Benefits of Road Salting 128

Auster, Charles — Costs and Benefits of Road Salting 128

Berman, Donald H. — Tax Exemptions and the Birthrate: The Singleminded Approach to Public Policy ... 687

ENVIRONMENTAL AFFAIRS

Blackwell, Clifford E. III	How Now Brown Cow: Regulation of Feedlot Pollution in Wisconsin	769
Carlsen, Eric	The Link Between Metals Availability and the Energy Crisis	447
Case, Clifford P. III	Waste Paper Wasted: A Non-Response to a Need for Change	221
Cook, Rebecca J.	Formulating Population Policy: A Case Study of the United States	47
Cooper, Cortis	Case Study of a Hydroelectric Dam: The Dickey-Lincoln School Lakes Project	707
Dawson, Alexandra D.	Earth Removal and Environmental Protection	166
Dreyfus, Daniel A.	Influence of the Energy Crisis Upon the Future of Environmental Policy	252
Emerson, Frank C.	River Quality and Industrial Adjustment: A Case Study	188
Gibson, James A.	Possible Impacts of United States Domestic Environmental Policies on Less Developed Countries' Trade, Investment and Foreign Aid	109
Greer, Edward	Obstacles to Taming Corporate Polluters: Water Pollution Politics in Gary, Indiana	199
Grundy, Richard D.	Influence of the Energy Crisis Upon the Future of Environmental Policy	252
Haight, Kevin	The Wilderness Act: Ten Years After	275

AUTHOR INDEX

Healy, Martin R.	National Land Use Proposal: Land Use Legislation of Landmark Environmental Significance	355
Horvitz, Jerome S.	Asbestos and Its Environmental Impact	145
Ingle, Barbara	Corkscrew Sanctuary: Use of the Market for Preservation	647
Kalsi, Swadesh S.	Oil in Neptune's Kingdom: Problems and Responses to Certain Degradation of the Oceans by Oil Pollution	79
King, Kathleen	Federal Land Use Controls for Clean Air	507
Maltezou, Sonia P.	Resource Recovery and U.S. International Trade: The Case of Waste Oil	433
McClaughry, John	The Land Use Planning Act: An Idea We Can Do Without	
Ostheimer, John M.	Congressional Voting and Ecological Issues	459
Ott, Marvin C.	Environmental Decay and International Politics: The Uses of Sovereignty	743
Plumlee, Ralph H.	Perspectives in U.S. Energy Resource Development	1
Quinn, Robert H.	Disposition of Public Lands Under the "Clean Environment" Amendment to the Constitution of Massachusetts	495
Rabinowitz, Carla B.	Martha's Vineyard: The Development of a Legislative Strategy for Preservation	396
Ritt, Leonard G.	Congressional Voting and Ecolocial Issues	459

Shaffer, Daniel C.	Tax Exemptions and the Birthrate: The Singleminded Approach to Public Policy	687
Shields, Linda P.	Environmental Decay and International Politics: The Uses of Sovereignty	743
Smith, George P. II	The Environment and the Judiciary: A Need for Cooperation or Reform?	627
Stowe, William S.	Conservation and the Commission: The Growth of Regulation of the End Use of Natural Gas by the Federal Power Commission	527
Tobin, Richard J.	Some Observations on the Use of State Constitutions to Protect the Environment	473
Wainwright, J. Kenneth Jr.	*Spring Valley*: Public Purpose and Land Use Regulation in a "Taking" Context	327
Walpole, James R.	Another Look at the Air Pollution Crisis in Birmingham	243
Walter, Ingo	Resource Recovery and U.S. Internation Trade: The Case of Waste Oil	433

TOPIC INDEX TO VOLUME III

AGRICULTURE, DEPARTMENT OF 772
- Economic Research Service 780
- Rural Environmental Conservation Program 784

AIR POLLUTION
- Birmingham, Ala. emergency 243-50
- Clean Air Amendments of 1970 152-55, 243-49, 507-17
- Energy needs 257
- Federal land use controls 507-17
- Feedlot pollution 769-89
- "Greenhouse effect" 750
- Paper recycling 225

ARMS RACE 751, 755

ARMY, DEPARTMENT OF 772, 773
- Corps of Engineers 707-30, 773

ASBESTOS 145-62

ATOMIC ENERGY (*see* NUCLEAR POWER)

CENSUS, BUREAU OF 687-702

CITY PLANNING (*see* URBAN ENVIRONMENT)

CONGRESSIONAL VOTING 459-72

CONSTITUTIONALITY
- Land use controls 378-79, 397-99, 605-06
- Maine Site Local Law 327-43
- Ninth Amendment 473-74
- State environmental amendments 473-93
- Zoning ordinances 173-75

ECONOMIC GROWTH
- Energy needs 252-53, 707-32, 745-49, 760-62
- Federal financed projects 707-32
- Land use 405-08
- Less developed countries 109-24, 745-47

ECONOMICS OF ENVIRONMENTAL POLICY
- Energy needs 256-57, 707-32, 745-49, 760-62
- External effects 660-61
- Federally financed projects 707-32
- Free rider effect 653-54
- Land use 405-08, 595-618
- Less developed countries 109-24, 745-47
- Market-land preservation interaction 647-86

Taxes 615-16
Transaction costs 653-54, 657
Welfare effect 664-66

ECONOMICS OF RECYCLING (*see also* RECYCLING)
Animal wastes, feasibility of recycling 772, 784
Foreign trade 113, 119-20, 433-36
Paper industry growth 227-29
Taxes 229, 235-36
Waste oil trade 436-42

ENERGY CRISIS (*see also* ENERGY RESOURCES)
Causes 13-14
Environmental policy implications 252-68, 710, 717, 745-49, 760-62, 772, 784
Metals availability 447-58
Real or fictional 1-2

ENERGY RESOURCES (*see also* ENERGY CRISIS)
Coal conversion 10-12
Controlled nuclear fusion 20-21, 717, 722
Cost comparison 21-23, 721-29
Demand projections 2-5, 253-55
Electricity 255-56, 259-61, 707-32
Environmental policy 252-68, 711-12, 745-49, 760-62, 784
Fossil fuel 5-8, 729
Geothermal power 17-18
Hydroelectric power 707-32
Hydrogen 12-13
Nuclear (*see* NUCLEAR POWER)
Oil 436-42, 745-49, 760-62
Gasification of animal wastes 772, 784
Solar energy 23-29
Tidal power 708
Wind energy 18-20

ENVIRONMENTAL EDUCATION
Proposals for Bench and Bar 639-40

ENVIRONMENTAL LAW, FEDERAL (*see also* NEPA)
Clean Air Amendments of 1970 152-55, 243-49, 507-17
Energy crisis, response to 263-64
Environmental Court, proposal for 627-40
Food, Drug and Cosmetic Act 155-59
Housing and Urban Development Act of 1968 577-78
Islands Trust Bill 396-424
Judicial expertise in 635-36
Jurisdiction of 631-37
Land use controls for clean air 507-26,
Land Use Policy and Planning Assistance Act 355-84, 595-600
Multiple Use-Sustained Yield Act 277
National Seashores Acts 399-401
Natural Gas Act 530-32
Occupational Safety and Health Act 147-52
Refuse Act of 1899 207-09, 773, 774
Water Pollution Control Act 206-07, 209-10, 629, 769-87
Wilderness Act 275-318

ENVIRONMENTAL LAW, LOCAL
Constitutional limits 173-75
Decentralized alternatives to comprehensive legislation 606-10, 613-14
Earth removal controls 169-79
Land use controls 356-58, 610-13, 680-81

Zoning 169-79

ENVIRONMENTAL LAW, STATE
Air pollution 249
"Clean Environment" Amendment 495-506
Constitutional environmental provisions 473-93
Earth removal controls, Massachusetts 168-69
Florida Water Resources Act (1972) 679
Land use controls 327-43, 355-84, 417-21, 610-13
Maine Site Location Law 327-43
Vermont Commission on Environmental Control 600-05
Water pollution, Indiana 204-05
Wisconsin 784-87

ENVIRONMENTAL PROTECTION AGENCY 711
Clean Air Amendments enforcement 245-49
Water Pollution Control Act enforcement: feedlot pollution 769-87

FEEDLOT POLLUTION 769-87

GROUNDWATER SUPPLIES
Earth removal effects on 167-68
Effects of draining of 661-63
Salt contamination 137-39

INTERIOR, DEPARTMENT OF 711, 724
Bureau of Mines 772, 784

INTERNATIONAL ENVIRONMENTAL CONTROLS 82-87, 743-63

INTERNATIONALISM AND THE ENVIRONMENTAL CRISIS 743, 752-56

INTERNAL REVENUE CODE 687-702

JUSTICE, DEPARTMENT OF
Study of feasibility of Environmental Court 629-37

LAND USE
Concentrated animal feeding operations (feedlots) 769-787
Controls for clean air 507-26
Decentralized alternatives to comprehensive legislation 606-16
Earth removal controls 166-80
Federal legislation 355-84, 595-600, 605-06, 616
Maine Site Location Law 327-43
Martha's Vineyard 396-424
Taxes as incentives for 615-16
Urban homesteading 563-94
Vermont legislation 600-05
Wilderness Act restrictions on 275-318

METALS
Economic factors in production 449-51
Geological and technological factors in production 447-49
Availability and the energy crisis 447-58, 745, 746
Recycling 449-51
Resource barrier 451-55

MULTINATIONAL POLLUTION (*see also* INTERNATIONALISM AND THE ENVIRONMENTAL CRISIS) 749-51

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA)
Energy needs 258, 260, 267
Alaska pipeline 263
Land use, federal legislation 380-82

NATURAL GAS
Curtailment 549-52
Natural Gas Act 530-32
Rate Setting 541-49
Regulation of end use 527-62
Shortage 527-29

NUCLEAR POWER 8-10, 14-17

OFFICE OF MANAGEMENT AND BUDGET 784

OIL POLLUTION
- Clean-up after spills 95-97
- International controls 82-87
- Preventive measures 92-95
- Recycling waste oil 433-42
- Sources 79-81
- Spill liability 83-87, 97-98

OCEAN POLLUTION (*see also* MULTINATIONAL POLLUTION) 749, 750-51, 761
- Arctic Waters Pollution Prevention Act 87-89
- UN Law of the Sea Conferences 761

"OPERATION INDEPENDENCE" 761

POLLUTION
- Air (*see* AIR POLLUTION)
- Feedlot (*see* FEEDLOT POLLUTION)
- Oil (*see* OIL POLLUTION)
- Ocean (*see* OCEAN POLLUTION)
- Solid waste 222-23, 225
- Water (*see* WATER POLLUTION)

POPULATION
- Distribution 52-53, 67
- Explosion, and the environmental crisis 744, 746, 747, 760, 762
- Family planning 51-52, 54-57, 64-66
- Policy models 51-71
- State commissions 49
- Taxes, effect of on the birthrate 687-702
- World Population Conference 760

PUBLIC LANDS
- "Clean Environment" Amendment 495-506

QUASI-PUBLIC CONSERVATION GROUPS 656-58

RECYCLING (*see* ECONOMICS OF RECYCLING)
- American Paper Institute 230-33
- Animal wastes 772, 784
- Government Printing Office 233-35
- International trade 433-36
- Metals 449-51
- Metals Resource Barrier 451-55
- Paper 221-237
- Waste Oil 436-39
- Water pollution 189-91, 195-96, 225

SALTING OF HIGHWAYS 128-41

STRIP MINING
- Federal legislation 262-63
- Energy source 254

TAXES
- Land preservation incentives 615-16, 681
- Pollution control incentives 113, 119, 211
- Population planning 687-702
- Property 357
- Recycled paper 229, 235-36
- Tariffs 116-17

TIMBER HARVEST 223-24, 728

UNITED NATIONS 754
- Law of the Sea Conferences 761
- Stockholm Conference 110-12, 117-18, 123-24

URBAN ENVIRONMENT
- Homesteading 563-94
- Housing, historical approaches 568-79

Models of urban dynamics 564-68

WATER POLLUTION (*see also* GROUNDWATER SUPPLIES, OCEAN POLLUTION)
Arctic Waters Pollution Prevention Act 87-89
Asbestos 160-62
Energy needs 257
Federal Water Pollution Control Act 206-07, 209-10, 769-87
Feedlot pollution 769-87
Lake Michigan 200-02
National contiguous zones 87-92
Oil (*see* OIL POLLUTION)
Paper industry 188-97
Recycling paper, effect on 225
Recycling animal wastes, effect on 772, 784
Refuse Act of 1899 207-09, 773, 774
Steel industry 199-212
Waste treatment plants 192-96

WATER RESOURCES USE 707-32

WILDERNESS ACT 275-318
